## Sentiment Summary Chart

## Wordcloud Positive

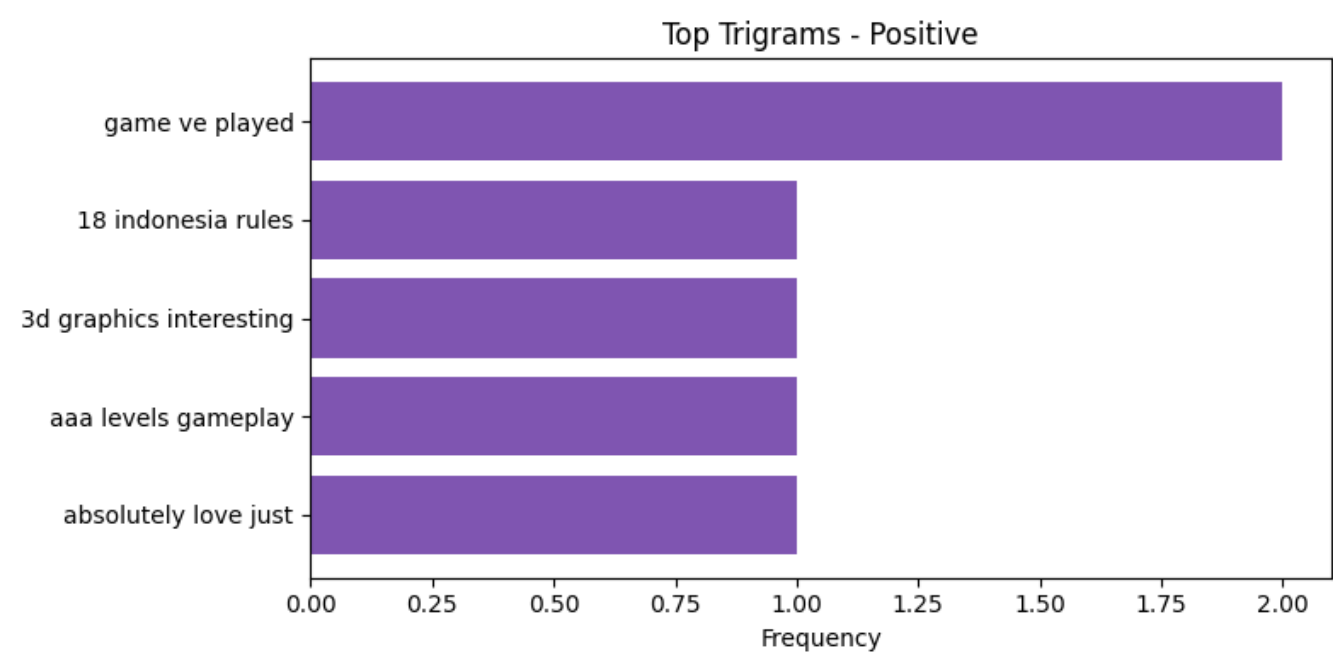

3. The best action and romance game I ever played. Like, the story lines, and actions scenes??? Bro it's so good! It's like am watching a movie and I very much enjoyed customizing my character, and am so glad that the game is made for girls the story is beautiful, and the story lore, Though it's taking a lot of my storage space, I still love it though.

Top 3 Negative Example Texts

- 1. I mean..its an awesome game. But why does the loading takes so much time? It always says "retrieving version info" and takes alot of time, my phone overheated several times while this thing loads. Its annoying, and than comes the downloading resources, and that takes alot of time too.
- 2. still struggling with saving, please improve your wishing system.
- 3. It's really unfortunate that a game with fantastic lore, graphics and characters has been boiled down to greed and optimization issues. I had to delete a lot of files from my phone in order to get the most recent update, and it makes me nervous for the next one being unplayable. There's also not many options for farming gems, especially as you continue to play as many other parts of the game encourage destroying it's longevity. That, plus lack of communication from the devteam about events...
